## *President's Arena*

It's springtime in Alaska again (it looks like) and I thought that it would be an appropriated time to send out a short newsletter to our members, and let them know all the latest.

We are going to kick off the show season with our annual "President's Spring Luncheon" This luncheon is a chance for anyone and everyone who would like to get together with the board and other members, pre-show season, and see what everyone is working on. In response to requests by ADA members and potential members this spring's luncheon will be a sort of organizational meeting, to point people in the right direction as far as show paperwork goes. The board members will be at the meeting and on hand with every form you could possibly need to get yourself, your horse, your family, your dog, anyone, registered in the organizations that you will need to be a member of in order to show and compete in year-end awards programs. This pre-season paperwork has typically been a great source of confusion for new members, and old too, myself included. So, we hope to see as many of you there as possible, look for the invitation in this newsletter. In addition to a paperwork help session, the luncheon will have dinner served, and is a generally light-hearted and enjoyable spring meeting for all.

Also, in this newsletter, look for ADA's winners of 2004 awards. Congratulations to all who competed last year, we had a wonderful season, and the board thanks all of the members and competitors for helping make things such a success.

ADA also sends out a big "congratulations" to those of you out there who won national awards last season. We are very proud that there are members among us who are doing very well in the "All breed awards" and other national awards programs as well. Hats off to you!

And don't forget, the ADA website has everything the ADA is working on posted and current, and we encourage our members too use it as their primary means of keeping in touch with the board and ADA. I look forward to seeing you at the shows!
